IN RE:

Application of Horry Telephone Cooperative, Inc. for an)	
Expansion of its Certificate of Public Convenience and)	APPLICATION
Necessity to Provide Local Exchange and Exchange Access)	FOR EXPANDED
Service to Customers Located in Certain Areas of the State)	AUTHORITY
of South Carolina)	
<hr/>		

Horry Telephone Cooperative, Inc. ("Applicant") hereby submits this application to the South Carolina Public Service Commission ("the Commission") to amend its Certificate of Public Convenience and Necessity, pursuant to S.C. Code Ann. § 58-9-280 and the rules and regulations of the Commission, to permit it to provide local exchange and exchange access service to customers located in those areas of the State of South Carolina that are served by BellSouth Telecommunications, Inc. d/b/a AT&T South Carolina ("AT&T") in Marion County and Dillon County; and in those areas of the State of South Carolina that are served by Frontier Communications of the Carolinas, Inc. ("Frontier") in Georgetown County where Applicant does not already have authority to provide such service. In support of this application, the following is shown:

1. Applicant's name and address are as follows:

Horry Telephone Cooperative, Inc.
P.O. Box 1820
3480 Hwy 701 N.
Conway, SC 29528-1820

2. All correspondence, notices, inquiries and other communications regarding this application should be sent to:

M. John Bowen, Jr.
Margaret M. Fox
McNAIR LAW FIRM, P.A.
Post Office Box 11390
Columbia, South Carolina 29211
Telephone: (803) 799-9800
Facsimile: (803) 753-3278
Email: jbowen@mcnair.net; pfox@mcnair.net

3. The name, title, address and telephone number of the person who should be contacted in connection with general management of the company is:

Mike Hagg, Chief Executive Officer
Horry Telephone Cooperative, Inc.
P.O. Box 1820
3480 Hwy 701 N.
Conway, SC 29528-1820
Telephone: 843-369-8347
Facsimile: 843-365-1999
E-mail: Mike.Hagg@htcinc.net

4. Applicant is an incumbent local exchange carrier ("ILEC") and provides local exchange services, both as an ILEC within its ILEC service area and as a competitive local exchange carrier outside its ILEC service area, as well as intrastate exchange access service within geographical areas established by the Public Service Commission of South Carolina (the "Commission"). Applicant was formed in 1952 and has been providing local exchange service as an ILEC to rural areas in Horry County since that time. Applicant's former affiliate, HTC Communications, Inc.,¹ was granted a Certificate of Public Convenience and Necessity by the Commission in 1998 to provide local exchange and exchange access services to customers in Horry County and those portions of Georgetown

¹ The Commission later granted the request of HTC Communications, Inc. to change its name to HTC

County known as the Waccamaw Neck and the City of Georgetown. *See* Commission Order No. 98-323 in Docket No. 98-049-C. Applicant acquired its wholly-owned subsidiary HTC Communications, LLC and assumed all its assets liabilities and obligations on or about January 1, 2011, including all certifications and authorizations. *See* Commission Order Non. 2012-261 in Docket Nos. 1991-514-C, 1998-49-C, and 2007-402-C.

5. The Commission granted Applicant's certificate in Commission Order No. 98-323, more than twenty years ago, upon a finding by the Commission that Applicant had the technical, financial, and managerial resources sufficient to provide the requested services within the State of South Carolina, and that the Applicant met all other requirements of certification. Applicant continues to meet these requirements, as demonstrated in the description of key personnel attached as Exhibit A, and Applicant's most recent Telecommunications Company Annual Report, which is on file with the Commission and is attached as Exhibit B. Applicant's Telecommunications Company Annual Report is confidential, and a Motion for Protective Treatment is being filed along with this Application. A public redacted version of the report is attached hereto. Applicant's long history of providing high quality service as both an incumbent local exchange carrier within its ILEC area and as a competitive local exchange carrier in Horry and Georgetown Counties further attests to its ability to provide the requested services in South Carolina.

6. Applicant proposes to expand its service to those areas of the State that are served by AT&T in Marion and Dillon Counties, and in those portions of Georgetown

Communications, LLC. *See* Commission Order No. 2009-449.

County served by Frontier beyond the Waccamaw Neck and the City of Georgetown (which HTC already has authority to serve). Applicant will provide service to additional locations in Marion, Dillon, and Georgetown Counties as opportunities and facilities become available. Applicant will provide similar service, under similar rates, terms and conditions, to customers located in the expanded area as it currently is providing to customers in its presently certificated service area. Applicant will offer the service at rates comparable to those of the incumbent LEC serving the area.

7. Applicant will provide its local and interexchange services via a combination of traditional circuit switched (i.e., time division multiplexed or “TDM”) and voice over Internet protocol (“VoIP”) switching platforms. Applicant’s TDM and VoIP-based services will be provided on its independently owned, facilities-based network, and when/where convenient, through resale of other telecommunications providers’ networks or services. All services are available twenty-four (24) hours per day, seven (7) days a week.

8. A more complete description of the local exchange and exchange access services Applicant proposes to offer in the State of South Carolina can be found in Applicant’s existing tariffs that are on file with the Commission, which will be updated as necessary to reflect the provision of similar services in the expanded area. Applicant will also offer broadband services and bundled services in the expanded area, which will not be tariffed but will be offered under similar rates, terms and conditions to those offered in Applicant’s currently certificated service area.

9. Amending Applicant’s certificate to expand its service area will serve the public interest. Applicant is an established local exchange carrier in South Carolina. Provision of service by Applicant in the requested service area will enhance competition in

the State of South Carolina by offering additional service options and high service quality to South Carolina telecommunications users.

10. As demonstrated in Applicant's prior certification proceedings as well as Attachments A and B hereto, and as demonstrated by Applicant's service history and the Annual Reports that are filed with the Commission and the Office of Regulatory Staff by Applicant on an annual basis, Applicant has the technical, managerial, and financial resources necessary to provide service in the requested areas.

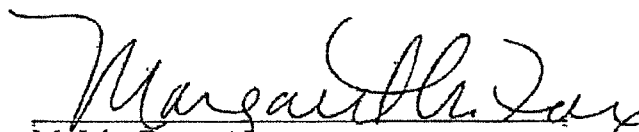

11. As demonstrated in Applicant's prior certification proceedings, and as demonstrated by Applicant's service history, Applicant will provide services which meet the service standards of the Commission; Applicant's provision of service will not adversely impact the availability of affordable local exchange service, and will not otherwise adversely impact the public interest; and Applicant will support universally available telephone service at affordable rates.

12. The Commission has previously granted Applicant's request for flexible regulation of its competitive local exchange telecommunications services. *See* Commission Order No. 98-974 in Docket No. 1998-049-C. Applicant requests the same treatment for local exchange telecommunications services provided in the expanded area for which it requests expanded certification.

In view of the foregoing, Applicant respectfully requests that the Public Service Commission of South Carolina amend the certificate granted by the Commission in Order No. 98-323 and held by Horry Telephone Cooperative, Inc. to include those areas described in this Application, and that its rates and tariffs for such local telecommunications service in the expanded area be regulated in accordance with the principles and procedures established

for flexible regulation, consistent with the authority previously granted by the Commission to Applicant for the competitive local exchange areas it currently serves.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Margaret M. Fox", is written over a horizontal line.
